

July 1, 2017

BCG Development's third round of community consultation for the IOCO Lands is now complete - BCG thanks those who participated

From June 1 – June 30, 2017, BCG Developments (BCG) held a third round of community consultation building upon the feedback received during the first two rounds of public consultation in 2015.

Incorporating what was heard in 2015, BCG's June 2017 Community Consultation gathered input on the overall Vision for a potential master-planned community, as well as a series of proposed Sustainable Design Principles and Potential Benefits that will help guide the IOCO Lands Team in planning and designing a sustainable master-planned community.

Following the close of the June 2017 Community Consultation, BCG will summarize the input received and make the Consultation Summary Report available to the public once complete. All input received will be considered as next steps are determined in the planning and design process.

BCG thanks all of those who participated and provided feedback, and is committed to ongoing stakeholder and community engagement on future planning and design of the IOCO Lands.
